## *From the East:*

Take the A26 into Lewes, go straight over the first roundabout with the giant fossil sculpture in the middle (2nd exit), turn left at the next roundabout (3rd exit for Tesco but you take the 1st exit) and follow the road which bears left again and you will see our entrance ahead on the right.

From the A27 follow the signs for Lewes and turn off the A27 towards the Cuilfail Tunnel. On emerging from the tunnel, take the 1st exit at the roundabout, then the 1st exit again at the next (Tesco) roundabout and follow the road which bears left again and you will see our entrance ahead on the right.

## *From the South (Newhaven):*

Take the A26 north to join the A27, then proceed as from the A27 above.

## *From the West (Brighton):*

Take the A27 eastbound. Although Lewes is signposted at the Kingston roundabout, do not turn left (1st exit) here; carry on along the A27 eastbound to the next roundabout and take the 1st exit left to the Cuilfail Tunnel. On emerging from the tunnel, take the 1st exit at the roundabout with the giant fossil sculpture in the middle, then the 1st exit again at the next (Tesco) roundabout and follow the road which bears left again and you will see our entrance ahead on the right.
